"At turns funny and infuriating, Two Hundred Percent of Nothing is packed with real-life examples from the worlds of advertising, government, business, and media that demonstrate all types of math bodybynykki.com:

I normally enjoy books like % of Nothing. The book claims to show the importance of being numerate but the examples used are simplistic, obvious and humorless. At least the book is a short and quick read, coming in shy of pages. There isn't much in terms of new examples with in % of Nothing/5(9). % of Nothing: An Eye-Opening Tour Through the Twists and Turns of Math Abuse and Innumeracy by A. K.
