Jan 11, · In my dialect, I would knock on the door to see if someone was home, but I would never knock at the door. To me, this implies that I am knocking on something other than the door itself. To me, this implies that I am knocking on something other than the door itself. The phrase "knock on the door" usually uses "knock" as a verb. Knocking on a door is using the knuckles of the hand to hit a door to get the attention of someone on the other side of the door.
Jun 23, · Knock on the actual door and hold the screen door or not as you please. It's very rude to peer or shout into windows-if they didn't hear your knock they won't hear you yell and if they are ignoring your knock that is their bodybynykki.com: Resolved. knock on/knock at are often interchangeable. But 'often' does not mean 'always'. A few examples of selective use of knock at / knock in in (UK) English: 'knock AT the door' refers to the perception of an event (knuckles hitting door) by someone inside the building. eg: We were startled by a knock at.
