There are modern abandoned cities around the world, and each seems to have an equally interesting story behind it. Some, like Beichuan, were abandoned following a disaster. Others, like San Zhi in Taiwan, were left derelict for more esoteric reasons.

All across the world, there are mysterious abandoned cities that stand as ominous time capsules capturing the imaginations and vacation days of thousands of tourists.

20 Abandoned Cities, Towns & Places Around the World Article by SA Rogers, filed under Abandoned Places in the Architecture category There are many reasons why cities are abandoned; some, like the ghost towns of the American West, have become tourist destinations while others have been condemned or simply forgotten. Though abandoned buildings and towns can often turn decrepit, the following spots (albeit somewhat weathered over time), are some of the most striking we've ever seen. Citybase Apartments has put together an infographic in conjunction with Digitaloft that explores 15 abandoned towns and cities around the world. The infographic includes a short biography for each location and the reason behind its barrenness. Once known for having the world's highest population density (in at 83, people per square kilometer), the island was abandoned when the coal mines were closed down. [22] Okuma, Fukushima was a large Japanese town with a population of 11, people.
