"An incisive discussion on the ideas of desire and everyday life. This is an exciting, provocative, and truly insightful work." - Murray Bookchin, Professor Emeritus of the Institute for Social Ecology, and author of over twenty bodybynykki.coms: 1. An ecology of everyday life translates the desire for 'nature' into a social desire to create a society that is whole, humane, and meaningful. Nature is not a pure and abstract thing removed from the everyday lives of people living in cities, suburbs, and towns. Ecology of Everyday Life examines the ecological impulse as a desire for nature, a desire that emerges as people within industrial capitalist contexts respond to the personal and aesthetic, rather than the physical and political implications of ecological breakdown.
