Seen and Not Seen is a strange beginning to The Veil series. For more than the first half of the book, Robert Cantor, an eccentric billionaire and the main character of the book, delights in avoiding being served a subpoena by the FBI requiring /5(22). This is a strange book. The premise is promising, but the execution left me a bit confused. The book is the first in "The Veil" series, yet the Veil is mentioned once or twice. The first half of the book is an extended chase scene as Robert Cantor, a man with bipolar disorder, tries to evade being served a subpoena. He's a billionaire/5(6). Seen And Not Seen (The Veil, #1) by William Bowden The Veil play all sides, sometimes in our best interests, sometimes not. Now they have secretly deposited something at the United Nations—the victim of a horrifying crime against humanity.5/5(1).
